National Online Safety App for Parents/Carers

Dear Parents/Carers,

We're delighted to let you know that Normanton Junior Academy has become a member of The National College – a multi-award-winning online training provider for staff and parents and we would like all NJA Parents/Carers to use their National Online Safety app as a useful resource tool to help you keep your child safe online.

What does this mean for you?

As part of our membership, The National College provides dedicated training and resources for parents and carers – particularly, around online safety and keeping children safe online.

Of course, staff will continue to teach children about the risks online. But with the internet so readily accessible, the most effective approach to online safety needs everyone involved, including parents and carers.

That's why you've now got access to **hundreds of courses, explainer videos and online safety guides** to support your awareness of the online world. Topics range from understanding apps like TikTok and Instagram to recognising the signs of online harm and what you can do to help.

Sign up is easy

Signing up to the platform is simple. Just follow <https://nationalcollege.com/enrol/normanton-junior-academy> and complete your details. Once you're set up, you'll be able to choose 'Parent/Carer' as your user type and get instant access to all training and resources.

After half term, we will offer a workshop showing you how to complete courses and access resources to help you and your child stay safe on line.

Download the app for free

Another fantastic benefit of The National College is its National Online Safety app, which you can download for free. It gives you access to all their parent and carer resources on the go, whenever you want.

You can download the National Online Safety app using the links below:

- [App store](#)
- [Google Play](#)

They're always here to help

The National College has a brilliant support team if you have any questions. Their [help centre](#) provides a comprehensive bank of answers to most FAQs, but if you still can't find the answer you're looking for, you can always get in [contact](#) with them.

I hope you'll sign-up and make the most of their resources.

Kind regards,

Mr. I Clarke
Computing Lead.
